Subject: Americans Strongly In Favor of Iran Deal

Date: 7-27-15

A new Public Policy Polling survey finds that there's strong support nationally for the Iran deal, that voters want their members of Congress to let it move forward, and that there's no potential political backlash for members who do support the deal.

Key findings from the survey include:

- Only 38% of voters are opposed to the Iran deal, compared to 54% who are supportive of it. Democratic voters (75/17) are far more united in their favor for the agreement than Republicans (36/54) are in their opposition to it. Voters within every gender, race, and age group are in support of it, reflecting the broad based mandate for the deal.
- Similarly 54% of voters want their members of Congress to vote to allow the agreement to move forward, compared to just 39% who would like to see it blocked. There is very little public sentiment to let the deal fail and then see how things play out from there- voters want to see their elected officials move this along.
- There are basically no potential repercussions politically for members of Congress who do vote in support of the agreement. 60% of Americans say that if their members vote for it, they will be either more likely to vote for them in the future or it won't make a difference either way in their future voting. Fully 79% of Democrats said they'd be more likely to support their members in the future or it wouldn't make a difference. Just 36% of overall voters say they'll be less likely down the line to vote for a member who supports the Iran agreement.

The message is clear: voters think the Iran deal is a good one for the country, they want Congress to move it along, and if anything they'll reward elected officials in the future who throw their support behind the agreement. It's a winner politically.

Public Policy Polling surveyed 730 registered voters on July 23rd and 24th on behalf of Americans United For Change. The survey's margin of error is +/-3.6%.

National Survey Results

Q1 The US and other countries have reached an agreement to place limits on Iran's nuclear program in order to prevent Iran from developing a nuclear weapon. In exchange for limiting its nuclear program, Iran would receive gradual relief from US and international economic sanctions. The International Atomic Energy Agency would monitor Iran's facilities and if Iran was caught breaking the agreement, the current economic sanctions would be imposed again. Would you say you strongly support, somewhat support, somewhat oppose, or strongly oppose this agreement to limit Iran's nuclear program?

Strongly support.....	35%
Somewhat support.....	19%
Somewhat oppose.....	6%
Strongly oppose.....	32%
Not sure.....	8%

Q2 Do you think your members of Congress should vote to allow this agreement to go forward and closely monitor how the agreement is being implemented, or do you think your members of Congress should vote to block the agreement and prevent it from being implemented?

Members of Congress should vote to allow the agreement to go forward and closely monitor how the agreement is being implemented.....	54%
Members of Congress should block the agreement and prevent it from being implemented.....	39%
Not sure.....	7%

Q3 If your members of Congress voted for the agreement to limit Iran's nuclear program, would that make you more or less likely to vote for them in the next election, or would it not make a difference?

More likely.....	42%
Less likely.....	36%
Wouldn't make a difference.....	18%
Not sure.....	5%

Q4 If you are a woman, press 1. If a man, press 2.

Woman.....	53%
Man.....	47%

Q5 If you are a Democrat, press 1. If a Republican, press 2. If you are an independent, press 3.

Democrat.....	39%
Republican.....	37%
Independent.....	24%

Q6 If you are Hispanic, press 1. If white, press 2. If African American, press 3. If other, press 4.

Hispanic.....	11%
White.....	71%
African American.....	12%
Other.....	6%

Q7 If you are 18 to 29 years old, press 1. If 30 to 45, press 2. If 46 to 65, press 3. If you are older than 65, press 4.

18 to 29.....	12%
30 to 45.....	19%
46 to 65.....	49%
Older than 65.....	20%
